PLAYING THE
GAME WITH

DANIEL

This body scrub leaves skin softer than a baby's you-know-what. Did we mention it's also got lemon? (\$13.95; www.giovincosmetics.com)

In the wintertime, a green tea and lemon infusion in a hot bath can boost antioxidant protection. Brew up a pitcher of triple-strength green tea, squeeze in 3 or 4 lemons, and add one cup to a tub of warm water when bathing. Store the rest in the refrigerator and use as needed. An added bonus—a soothing aromatherapy! ●
